INT. KITCHEN DRAWER - NIGHT

Boop unexpectedly arrives back early. Everyone groans and turns the other way except for Beep and Bam who is unfortunately stuck behind Beep. Beep gives Boop a big hug.

EVERYONE
(Half-heartedly)
Hey, Boop.

Boop sighs dramatically.

BEEP
How was your day?!

BOOP
Ugh! Don't even get me started!

BEEP
That bad huh? I'm sorry to hear that. What happened?

BOOP
One of Julia's friends was eating with me and she sneezed!

BEEP
Oh no, that must have been horrible! And did the snot get all over you?

BOOP
No.

BEEP
Oh no... did she drop you when it happened?

BOOP
Oh no.

BEEP
Then what happened next?

BOOP
THEN she kept eating like nothing happened.

BEEP
I see. Did you get jolted around when she sneezed?

BOOP

No, she set me down before and sneezed into a tissue.

BEEP

...And then?

BOOP

Nothing but I mean it was seriously so annoying.

BEEP

That she sneezed?

BOOP

Right!?

BEEP

You know she could have just been sick.

BOOP

Well if she was sick she should have used a spoon.

BEEP

Boop I know you're upset but you shouldn't say things like that.

BOOP

What? I'm just saying spoons are great for sick food. I'm not saying that's all they are good for.

BEEP

Okay, okay. There's nothing wrong with giving her a little grace. I know you don't like Julia, but her friend didn't do anything to you.

BOOP

I know but it's just the principle of it you know. Like she literally doesn't live here.

BEEP

Either way, we're happy you're back!

BOOP

The worst part is that she didn't even put me in the washer.

(MORE)

BOOP (CONT'D)

I bet she was trying to be polite
and wash me herself. I really hate
people like that.

BEEP

Well they did just empty the washer
and you don't like being alone so
that's probably a good thing right?

BOOP

Yeah, but she didn't know that. You
know what I mean?
